

MAKING A DIFFERENCE WITH WINTER WARMTH

Mrs A is recovering from cancer and suffers from pain and exhaustion. She is vulnerable in the winter when it is cold and damp. Through Winter Warmth Mrs A has received a grant of £300 allowing her to feel confident about turning on her heating to keep warm.

Please help people like Mrs A by supporting our Winter Warmth Campaign.

Your gift will:

- Help older people deal with the impact of high energy bills over the winter period.
- Reduce the worry for people living in our Borough who can't afford to heat their homes adequately.
- Help provide people with advice on energy efficiency and other areas of concern.
- 100% of all donations received go to those who are most in need.

WHAT IS THE **WINTER WARMTH** CAMPAIGN?

The Winter Warmth campaign runs during winter each year to help older people who are struggling to cope, and may be forced to choose between heating and eating.

We raise funds so that older people can be helped with their heating costs and keep warm.

You can make a big difference to those who face real hardship during the winter months by giving to the appeal. Here's how:

If you receive the **Winter Fuel Payment**, you can **donate all or part of it** to a neighbour in need.

If you are an individual, business or school, you can donate, or fundraise in a variety of ways and we would be happy to help you with suggestions.

Due to illness, Mr and Mrs W are unable to go out much. Their flat is in the basement and none of the windows have double glazing. They are often cold, but rarely turn on the heating because they are worried about money. Winter Warmth provided them with £400 to heat their home and be warm.

WINTER WARMTH: HOW IT WORKS

The K&C Foundation runs the campaign closely with Age UK K&C, Citizens Advice, Nucleus Legal Advice Centre. Together we ensure that help is prioritised to those who need it most. We also receive advice and support from the Royal Borough of Kensington and Chelsea Healthier Home Initiative.
